## Introduction

The Lincoln Surgical Hospital Patient Portal offers secure electronic access as a service to patients who wish to view a summary of their medical record. This interactive web portal will empower patients and their families to take a more active role in their care by providing easy, secure access to their health information and online communication with Lincoln Surgical Hospital staff.

Lincoln Surgical Hospital gives patients instant access to their health information, including laboratory results, medications, allergies, demographic information, visit history, discharge/aftercare information, and more. Patients can also access their billing statements and outstanding balances and link to Online Bill Pay. In addition to handling their own care, parents and health care proxies with authorized consent will appreciate the ability to access the records of those individuals for whom they manage care.

Lincoln Surgical Hospital encourages all of their patients to enroll in the Patient Portal, as it presents a valuable opportunity for patients and their families to actively participate in their care, which contributes to better health.

## Navigation of Patient Portal

- Use buttons and hyperlinks on portal pages to move forward and backward within portal.
- Do not use browser back arrow to move backwards within portal.
- Use Log Off button in upper right corner when ready to exit the portal.

# How to Use the Patient Portal

## Medications

The Medications area of the Patient Portal provides the Portal User with a way to view their active home medications and access information about the medication they are taking. Medications may be accessed directly from the “Medications” button on the Homepage or from within the “Health Record” button.

The screenshot shows the Lincoln Surgical Hospital Patient Portal interface for user Peter Pan Parker. At the top, there is a navigation bar with the hospital logo, the text 'Patient Portal', and buttons for 'Change Person' and 'Log Off'. Below the navigation bar, the user's name 'Peter Pan Parker' is displayed. A row of four main navigation buttons is shown: 'Health Record' (with a folder icon), 'Medications' (with a pill and Rx icon, highlighted with a red box), 'Billing' (with a dollar sign and calculator icon), and 'Profile' (with a person icon). Below these buttons are two sections: 'Links' and 'Recent Visits'. The 'Links' section contains 'Online Bill Pay' and 'Patient Forms'. The 'Recent Visits' section contains a table with three rows of visit data.

Recent Visits			
Wed, Nov 05, 2014	9:41 am	Inpatient	POST SURGICAL UNIT 3RD FLOOR
Wed, Oct 22, 2014	11:41 am	Surgical Day Care	OPERATING ROOM
Mon, Oct 20, 2014	9:00 am	Surgical Day Care	OPERATING ROOM

At the bottom of the page, there are links for 'Contact Us | Preferences | Terms & Conditions' and a note: 'Licensed from Medical Information Technology, Inc.'

## Medication Detail Page

Clicking on anywhere on the medication line brings the Portal User to the medication detail. The detail page displays the following information: Medication Generic Name (trade name), Dose, Form, Route, How often, Reason for Use, Prescribing provider, Total Refills, Last Updates, and Additional Instructions.

The screenshot shows the 'Peter Pan Parker's Medications' page. At the top, there is a navigation bar with 'Lincoln Surgical Hospital | Patient Portal' on the left and 'Home' and 'Log Off' buttons on the right. Below the navigation bar is a header section with an 'Rx' icon and the text 'Peter Pan Parker's Medications'. A yellow banner contains the text 'View the details of the selected medication. [Learn More](#)'. The main content area displays the medication name 'Naproxen (Naproxen) 500 Mg Tablet' in a green header. Below this, the following details are listed: Dose: 500 MG, Form: TABLET, Route: ORAL, How Often: Q8HRS AS NEEDED, Reason for Use: (blank), and Last Updated: Tue, Oct 07, 2014. A link with a plus icon and the text 'More Information About This Medication' is provided. On the right side, there are two buttons: 'Back to List of Medications' with a left arrow icon and 'Print' with a printer icon. At the bottom center, there is a 'Contact Us' link.

Clicking on the link "More Information About this Medication" displays the pharmacy medication handout.

The screenshot shows a patient portal interface. At the top, it says "Lincoln Surgical Hospital | Patient Portal" with "Home" and "Log Off" links. Below that, the patient's name "Peter Pan Parker's" is displayed next to a "Medications" header with a pill icon. A yellow box contains the text "View the details of the selected medication. [Learn More](#)". The main content area is titled "Naproxen (Naproxen) 500 Mg Tablet" and lists the following details: Dose: 500 MG, Form: TABLET, Route: ORAL, How Often: Q8HRS AS NEEDED, Reason for Use: (blank), and Last Updated: Tue, Oct 07, 2014. There is a link to "Hide Information About This Medication". A large block of text provides an important warning: "IMPORTANT: HOW TO USE THIS INFORMATION: This is a summary and does NOT have all possible information about this product. This information does not assure that this product is safe, effective, or appropriate for you. This information is not individual medical advice and does not substitute for the advice of your health care professional. Always ask your health care professional for complete information about this product and your specific health needs." Below this, it lists "NAPROXEN - ORAL (nah-PROX-en)" and "COMMON BRAND NAME(S): Anaprox, Naprosyn". A final warning states: "WARNING: Nonsteroidal anti-inflammatory drugs (including naproxen) may rarely increase the risk for a heart attack or stroke. The risk may be greater if you have heart disease or increased". On the right side of the page, there are two buttons: "Back to List of Medications" with a left arrow icon and "Print" with a printer icon.
